—E. Bowen, of Brodhead, was in the city to-day, on his way home from the Chicago boom.  
—The condition of Mr. William Menzies remains about the same to-day, his recovery being a matter of doubt.

—Major-General Robinson, of New York, arrived in the city this afternoon, and is the guest of Hon. Sam. Richardson.  
—The Police Court is as quiet as a Quaker meeting when the spirit don't move, and Justice Prichard's pen is getting rusty.

—There was a crowd on Milwaukee street bridge yesterday afternoon to watch Barr Robbins little propeller zip through the water.

—Congressman Williams and wife, have gone to Faribault, Minnesota, to visit their son Ward, who is attending the military school there.

—The tramps now have their feelings hurt again. The County Board says the jail must be used as a mere lodging house, or poor man's hotel.

—Barr Robbins has a dock and coal station for his little propeller, at the rear of Heimstreet's drug store. It makes a convenient landing and firing up place.

—The members of the African Methodist church are talking of buying a small dwelling house on High street in the First ward, and transforming it into a church.

—Mr. G. Veeder, of the Recorder, was in Chicago taking in the big show yesterday. Mrs. Veeder, who has been visiting for six weeks or so joined him there and returned with him.

—Mr. and Mrs. Theodore Conant, of St. Louis, surprised their friends here, by an unannounced visit to their parents, Mr. and Mrs. S. D. Conant. They returned this afternoon.

—The lower part of the Baptist church is being renovated and rechristened. It is also to be painted afresh, making the rooms present an even more attractive appearance than before.

—Rev. J. W. Sanderson led the meeting of the Young Men's Christian Association this morning, the topic being "A highly favored man and his terrible end," the man referred to being Judas.

—Morning Edwin gives a free lecture on Barnum in the Baptist church parlors this evening at 7:30 o'clock. It will be decidedly interesting, as he is a native Karen and knows what he talks about.

—This afternoon Justice Prichard tried to find out whether young Riordan is the one who gave Malone such a black eye as he has been wearing for a few days. He found that it wasn't Riordan, and discharged him.

—Jake Murray, the wide-awake advance agent of John Dillon, is in the city to-day preparing the way for the great comedian's appearance here on the 24th inst. Dillon will present his great sensation "Our Next President."

—Dan Lowber, of Waupun, son of Capt. W. C. Lowber, of this city, is now near Leadville, and is reported as meeting with good success in several mining operations. His old friends here will unite in wishing a bonanza for him.

—Mrs. Emerson, wife of Prof. Joseph Emerson, of Beloit College, died yesterday morning at two o'clock, after an illness of some duration. She was aged 51 years and besides her husband leaves a son and daughter.

—In the Supreme Court yesterday the Mack case was argued by Attorneys Wims and Fethers for Mrs. Mack, and H. W. Chenoweth, assisted by the Attorney General for the State. A decision will not be rendered for some days yet.

—The Guards were subjected to a drenching rain while in Chicago, and had to tramp through mud, but uniforms on being dried, scrubbed and brushed show little signs of the service, and the boys are congratulating themselves on the result.

—The Citizens Committee of Investigation have gathered a lot of information which they are to incorporate into a report as soon as the health of Mr. Lawrence, who is a member of the Committee, will permit of a meeting. A gathering of business men will then be called to listen to the report.

—To-morrow morning's meeting of the Young Men's Christian Association will be led by Rev. Mr. Jackson. Topic—"The Opposite Choice of Two Young Men." It is expected that a union service under the auspices of the Association will be held at the Baptist church next Sunday afternoon at 3 o'clock.

—A man will go into a store and sit patiently on the head of a barrel for half an hour, or squat down at a beer table and wait ten minutes to get served, but when he goes up to the postoffice window and calls for his mail, he just makes the air blue if the clerk don't drop every other customer and make a rush for him. That's the way of the world.

—C. F. Wilcox thinks that the public should know his boy's side of the story of the trip to Mobile. The boy says he bought tickets there and back for himself and company, and that the latter didn't have to beg his way home again. Young Wilcox says differently. It doesn't matter much either way, and those interested can make their choice of the stories without extra charge.

—The annual meeting of the Woman's Foreign Missionary Association, of the M. E. church, for Janesville District will be held at Koshkonong, W. Va. on Friday and Saturday Nov. 19 and 20. A very full programme has been prepared. Mrs. Jennie F. Wilcox of Chicago will address the Association Wednesday evening. The

full attendance of those interested or willing to become interested in missionary work, and have ample preparation to entertain all who will accept the invitation.

CHRISTIAN HANSEN, Esq., Youngstown, Ohio, is full of joy over the wonderful cure of his wife by St. Jacob's Oil. For twelve long years she had suffered with Neuralgia in the head, and often had the most terrible pains. A bottle of St. Jacob's Oil cured her entirely.

**CONCERNING THE COURT.**  
The trial of criminal cases has commenced in the Circuit Court, and there is evident the usual increase of public interest in the proceedings.

The case of the State vs. James McCartney was tried yesterday afternoon. The charge against the defendant was that he pulled a revolver on Amariah Sherman. The jury found him guilty.

The next case was that of Henry W. Stanley, who was charged with the forgery of a \$75 note. In defense it was set up that Stanley received no money on the note, and that he only made it to show, as a sort of brag that those who saw the note might believe that he was "well fixed." The jury were out until about midnight debating on the matter, and the suspense was so great that Mrs. Stanley had a fit, similar to that which she had when her husband was arrested at Clinton. The jury broke the suspense, and brought back a jury to her, by finding her husband not guilty.

The case of the State vs. E. A. Hull, of Lima, was tried to-day, the defendant being charged with indecent exposure of person. The jury found him guilty and Judge Conger fined him \$100 and the costs which amounted to \$103 more.

Charles Hill is now on trial for the larceny of a coat from Otto Holm.

Aston Hotel, New York, best accommodations, reduced prices.

**THE FINISHING TOUCHES.**  
The County Board finished its business yesterday afternoon. The majority report of the Committee on Equalization was adopted by a vote of 23 to 7.

The usual order for the payment of the mileage and per diem of members was passed, and the Board adjourned to meet Wednesday, January 7, at 2 o'clock p. m.

The meeting of the Board was in some respects an unusually interesting and important one, and some of the debates were earnest and high exciting, but the manner in which the members departed themselves and the general decorum are worthy of special mention, though this conduct was not unlike what one would naturally expect of a body of such excellent make-up. Chairman Menzies makes an excellent presiding officer, being prompt, firm and just, and the business on hand was disposed of in a manner which it would be well for other bodies to pattern after. The meetings of the County Board are in strange contrast with those of the Common Council, and it is plainly evident that business can be done in a business-like and gentlemanly manner if members so desire. The County Board sets a good example in this respect.

**THE WEATHER.**  
REPORTED BY PRENTICE & EVENSON, DRUGGISTS.  
The thermometer at 6 o'clock last night stood at 57 degrees above; at 1 o'clock a m. at 49 degrees above; at 7 o'clock a m. at 49 degrees above, and at 1 o'clock p. m. at 52 degrees above.

One year ago to-day at 7 o'clock a. m. the thermometer stood at 27 degrees above, and at 2 o'clock p. m. at 49 degrees above.

The indications to-day are for the lake region, partly cloudy weather, light rain in western portion, winds generally east to south, falling followed by rising barometer, and stationary or a slight fall in temperature.

**MORE MISCHIEF AT HANOVER.**  
Yesterday afternoon Mr. Wilhelm, the station agent at Hanover Junction, had occasion to leave the office for a short time. During his absence the door was broken open, and a revolver, \$15 in bills and about ninety cents in change, were stolen. It was supposed that two tramps who had been hanging about the vicinity and who suddenly disappeared soon after the robbery, were the ones who got the plunder. They have not been captured yet.

**To Prevent and Cure Coughs and Colds.**  
A reliable remedy is necessary in every household. Parker's Ginger Tonic is just the medicine needed. It radically cures Coughs, Colds, Sore Throat, Bronchitis, and even Consumption if used in time, by its powerful specific action on the Stomach, Kidneys, Liver, and mucous surface of the Throat and Lungs. It accomplishes the cure in a wonderfully short time, and removes all pain and soreness of the lungs. It is also a most valuable stomachic remedy, effectually removing Dyspepsia, Headache, Liver Disorders, Costiveness, Nervousness, Low Spirits, Wakefulness, Heartburn, Cramps, Palpitation of the Heart, Sour Stomach, etc., and gives a cheerful comfort and freedom from pain that surprises every one. Buy a 50 c. or \$1.00 bottle and try it. Sold by all first-class druggists.

**CITY NOTICES.**  
For impaired indigestion, and in fact, for ability from any cause, I know of nothing equal to Feltz's Hypophosphites. Its direct effect in strengthening the nervous system renders it suitable for the majority of diseases.

WM. S. HOWE, M. D., Pittsfield, Me.

**QUICK FORTUNES IN STOCKS.**  
Vast sums of money are made in quick turns of stocks in Wall Street. Business has never been more successful. By the new combination plan, large and small investments (from \$25 to \$10,000) are combined in one vast sum, and operated by the most skillful experience, securing immense power in the stock market and gaining splendid profits. Thousands of customers are thus united in one concurrent enterprise, and receive their proportion of profits monthly. An Indiana country merchant made \$17,924.14 in four operations. A Texas cattle dealer made \$32,615.91 in two combinations; a St. Louis

than six months, all through the combination plan of Messrs Lawrence & Co., which has realized the grandest successes in the history of the stock market. Their new circular, with "unerring rules for success," and complete explanations how to make money in stocks, mailed by Messrs Lawrence & Co., Bankers, 57 Exchange Place, New York City.

**Every Tobacco Chewer**  
should provide himself with a bottle of SOZODONT, so that when he calls upon the ladies he can remove the odor and remove the odor which hangs around the person of the nicotine. Not alone for its aroma is it valuable, but as a curative and preservative of the teeth it is unsurpassed.

Broken cigar boxes can be mended by SPALDING'S GUM. How queer? nov16dcm

**The Curse of Americans is Impetuousity!**  
We cannot do anything moderately. We don't take time to eat or drink. When the season of social gatherings comes on in Winter, we rush from one to another, night after night, until we become tired and the system is run down. In summer we fly to the watering places and idle away our time in luxury. No wonder that we become "blaze" in middle life. Then we try medicine to recuperate, and often resort to unfortunate stimulation in the vain hope of wooing back our youthful energies. Every European sees this. As things are, the best remedy, when the physical powers begin to decline, is the PERUVIAN SYRUP, which has for many years been used in exactly this direction. It is the best food known to man and the least injurious. It restores wasting energies, strengthens the system against the insidious maladies which are induced by weakness, and builds up the system properly and effectively. Sold by dealers generally. Sold in Janesville by Prentice & Evenson. nov16dcm
